Lumion      Photoshop  
Premiere Pro      InDesign  
Microsoft Office

### Simulations and Analysis

Houdini      Autodesk CFD  
Ansys

## Languages

English  
Mandarin  
Malay

## Competitions

- 2022  
**Lisbon Triennale Universities Award Competition**  
Submitted a group entry under Visionaries category with a proposal to tackle rising sea levels in urban areas using robotically extruded biomaterial.
- 2020  
**Cool Abu Dhabi Challenge | Honorable Mention**  
Assisted in the production of an animation which showcased the design.
- 2020  
**Kiribati Floating Houses**  
Involved in research, design and final presentation board.
- 2019  
**Mozambique Preschool**  
Involved in research, design and final presentation board.

## Workshops and Events

- 2022  
**'Become a Bio-Designer', Drop-in Workshop for Families at Victoria & Albert Museum**  
Took part in the planning, bio-material design and production for the workshop. Volunteered to facilitate the workshop with the event team at V&A. Children and parents were invited to mould their designs with an algae-infused bio-material and learn about the significant capabilities of algae.
- 2020  
**Close from Afar by Resolve Collective + NOW Gallery, London Design Festival**  
Volunteered to assist in the construction of the installation led by Resolve Collective for NOW Gallery as part of the London Design Festival. Events and talks were held around the installation, exploring themes of community and future cities.
- 2014 - 2017  
**Malaysian National Annual Architecture Workshop**  
Led the student representatives as Workshop Leader. Coordinated submission material of various competitions in the form of drawings, physical models, installations, videos and performances. Hosted multiple workshop events as leading emcee.
- 2015  
**PavilionNOW Bamboo Workshop by Shalini Ganendra Fine Arts Gallery Residence**  
Collaborated with bamboo craftsmen of the Orang Asli (indigenous tribe in Malaysia), who provided expert knowledge into the preparation and usage of bamboo as a sustainable building material. Assisted in the construction of a bamboo installation.
